## OFFSHORE ADNOC 3D SEISMIC SURVEY Marine Operation Notice

Issued Date: 05thSep. 2021 Effective Duration: 06th Sep.2021 - 12th Sep.2021

BGP Inc., CNPC Crew 252&253 have started the 3D seismic data acquisition in Arabian Gulf, UAE for ADNOC (Abu Dhabi National Oil Company). The operation area is shown as follow:

## Notice:

- 1. All parties to be aware that in the area indicated above, the seismic equipment will be deployed on the seabed.
- 2. Seismic source vessels will operate both day and night, so please keep a safe distance in the operation area. Fishing, anchoring and / or diving operations in this area are strictly forbidden.
- 3. All operating vessels will be in a restricted maneuverable condition during the seismic operation. The operation vessels will avoid the sailing vessels in channel. All the other passing vessels which not sailing in channel must be prepared to change the route if advised.
- 4. For the Green polygon area highlight in the eastern of Sir Abu Nuayr Island is safe for navigation as seismic acquisition almost completed in that area.
- 5. To minimize any possible disruption in your operations, please contact us (as per vessel name in the following display) on VHF CH 16 or 72 for further movement information.
